

BETHLEHEM, PA – February 9, 2007 – Molewski Financial Partners announced today that the firm’s investment advisory assets under management have exceeded \$1 billion. Paul Emrick, Chief Investment Officer and Partner stated, “Having reached \$1 billion in assets under management puts us among an elite group of independent investment advisory firms in the United States”. In a 2006 survey conducted by *Investment Advisor* magazine, Molewski Financial Partners was ranked as the 7th fastest growing firm in the U.S. in the < \$1 Billion in assets under management category. The firm was founded in 2000 with under \$30 million in assets. “The growth of our investment advisory business is the result of our commitment to placing our clients’ interests first and proactive approach to providing sophisticated value-added services demanded by the families, corporations and institutions that we serve”, says Mike Molewski the firm’s founder. The firm offers its services to private clients, trusts, corporations, qualified plans and institutions and is led by its managing partners Paul Emrick, Wes Schantz, Jim Edwards and Mike Molewski.

Molewski Financial Partners is a highly specialized financial consulting and advisory firm of 24 professionals. The firm has a national client base and its multidisciplinary staff includes exceptionally talented individuals, with advanced areas of specialization that include: taxation, finance, investment analysis, portfolio management, actuarial, and insurance. Molewski specializes in developing and managing sophisticated plans for growth and preservation of client assets. The firm is focused on enhancing portfolio performance through the application of its core investment principles. The firm also provides services to families of substantial wealth who commonly have concentrated holdings in stock and real estate, with a focus on multi-generational estate planning, business succession and the efficient use of sophisticated life insurance products. In addition, the firm provides strategic advice designed to attract and retain key corporate executives thereby increasing employee loyalty and enhancing shareholder value.
